Re: Delinquent Assessment

Dear Janie:

As you are aware, your account on the Mill Creek Distribution System is in the rears in the amount of \$984.20. It is the opinion of this office that this delinquency must be paid before water is delivered in 1990. Negotiations have been ongoing with the Moab Irrigation Company, however, at our last discussion it sounded as if progress is going very slowly. It is in your best interest to proceed with this matter to its resolution in the next few months.

If there is someway that I can assist, I would be happy to get involved to the extent that I can. If you have any questions you would like to discuss, please feel free to contact me. Your immediate attention to this matter would be appreciated.

Sincerely,

Mark P. Page  
Area Engineer
